Re: Mining Operations in Bluffdale City, including but not limited to:
-Bluffdale Sand & Gravel, S/035/022;
-T&M Holdings Mine/Decorative Landscaping, S/035/023;
-Mark Miller, Expectation Mine, S/035/024; and
-Worthington Landscape Mine, S/035/025.

Ms. Wright:

This letter is intended to place the DOGM on formal notice that the above-referenced parties are not in compliance with Bluffdale City's local regulations, as follows:

1. The property in question is within Bluffdale City boundaries. Despite the litigation in Case No. 040909930, the property remains subject to Bluffdale City's regulations pursuant to a stay issued by the district court in that matter.
2. The property in question is currently zoned A5, which provide for an agricultural five-acre lot minimum.
3. The property in question is General Planned for R-1-43, which is one acre minimum.
4. The A5 or R-1-43 zone does not allow any type of mining in either zone as a permitted or conditional use.
5. Section 12.1.5 of the Bluffdale City Zoning Ordinance identifies any use not consistent with any zone as illegal.
6. Section 12.2.9 identifies the existing zones within the city and ties them to the zoning map.

7. Section 12.3.2 does not allow any permit to be issued for anything that does not comply with the zoning standard.
8. Section 12.6.3.2 does not identify rock mining or any mining as permitted, conditional, or accessory use within the A5 zone.
9. Section 12.6.11.2 identifies this use as a conditional use under the SG1 zone. The above-referenced parties have never applied for a zone change.
10. Section 12.6.11.12 requires a reclamation plan under the SG1 zone.
11. Section 12.6.11.14 requires a reclamation bond under the SG1 zone.

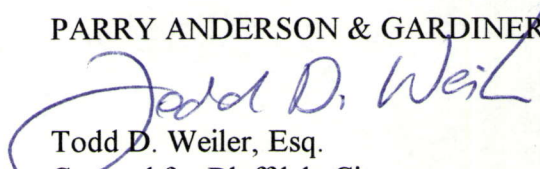

It is our understanding that the DOGM has relied on misleading or false statements from the above-referenced parties that they are in compliance with local regulations. As demonstrated above, this is not the case. Please consider this correspondence as a formal request on behalf of Bluffdale City for DOGM to revoke its Acceptances of Notice of Intention to Commence Small Mining Operations, together with any and all other permissions or permits it has granted to the above-referenced parties, or any other party conducting mining operations within Bluffdale City.

As further support for the City's request, I am enclosing the following: (i) the City's "cease and desist" letter of April 21, 2005; (ii) the above-referenced parties' counsel's April 27, 2005 response to cease and desist letter; (iii) a staff report dated May 3, 2005 regarding an appeal of a zoning decision; and (iv) the Affidavit of Blaine Gehring, dated May 20, 2005.

I look forward to your response at your earliest convenience.

Sincerely,

PARRY ANDERSON & GARDINER

Todd D. Weiler, Esq.
Counsel for Bluffdale City

Re: *Mining Operations at Bluffdale Sand and Gravel Quarry, S/035/022*

Dear Mr. Jones:

This letter is to notify you that you are not in compliance with Bluffdale City ordinances to recommence mining operations at the above-referenced location. Specifically, your mining operations are not in compliance with the city's current zoning regulations. You are hereby ordered to cease and desist all mining operations at the above-referenced location until further notice.

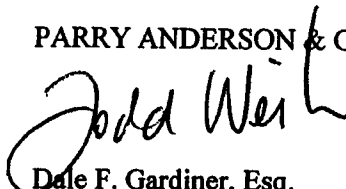

We have reviewed the Acceptance of Notice of Intention to Commence Small Mining Operations issued by Utah's Department of Natural Resources, dated April 14, 2005. Such acceptance states as follows: "We would like to remind you of certain other obligations. Approval from the Division does not constitute approval from other appropriate agencies such as Bluffdale City and the Division of Air Quality. You should insure that you are in compliance with any requirements these other agencies may have regarding such items as dust control, zoning, and haulage weight limit."

As you are not in compliance with Bluffdale City's local ordinance, you are hereby instructed to not recommence any mining operations until you have obtained a permit from Bluffdale City.

GOVERN YOURSELF ACCORDINGLY!

Sincerely,

PARRY ANDERSON & GARDINER

Dale F. Gardiner, Esq.

Re: Agricultural Preparation Activities on Frontgate Properties
Response to Letter of April 21, 2005

Dear Dale:

Your above-referenced letter was received by me today as I have been out of town and/or out of the office since it was sent to my clients. As you know, it is the position of my client that it is not "mining" on the property but, instead, removing rocks to prepare the ground for permissible agricultural activities. While it is true that my client obtained a permit from DOGM for mining, after Bluffdale City reported the operations to DOGM, that does not mean that the activities on the property are "mining" in a land use sense.

I am unaware of any "cease and desist" authority that Bluffdale has in this regard. If you can point out such authority to me I would appreciate it and will discuss it with Frontgate. As you know, Frontgate has appealed the decision of the zoning administrator denying Frontgate's contention regarding the agricultural preparation nature of its activities. We stand ready to have that appeal heard by the Board of Adjustment and ask only the consideration that the hearing be scheduled on a date that has been coordinated with my availability.

I look forward to hearing from you.

Sincerely,

Bruce R. Baird

cc: Clients

TO: Bluffdale Board of Adjustment
FROM: Blaine Gehring, City Planner
DATE: May 3, 2005
SUBJECT: Appeal of a Zoning Decision by Bluffdale Mountain Homes

Early in July, we received complaints about the number and size of trucks hauling rocks off the south mountain area. Upon investigation, Shane Jones, the City Engineer, and I found a large excavation taking place in the foothills just south of the Jordan Valley Water Treatment plant. We saw large backhoes removing the large rocks and several large trucks being loaded. Each truck appeared to be from a different landscaping or other such business. As a result, we felt this was a rock mining/excavation business being conducted outside of the zoning ordinance. Subsequently, I sent the attached letter to the owners of the property, Bluffdale Mountain Homes, informing them of the violation and asking them to cease and desist.

Several weeks later I received both an application appealing my decision as to the land use to the Board of Adjustment. As you know, we have made several attempts to accommodate the applicant for a hearing but have had some difficulties. It is now in your hands to determine whether there is an illegal rock mining use going on or if the land is, in fact, being cleared for a legitimate agricultural use.

I have included a map of the property and excerpts from the zoning ordinance to back up my original decision. In Chapter 29 of the Zoning Ordinance, the following definitions are found:

Agriculture: Agriculture shall mean the growing of soil crops in the customary manner in the open. It shall not include livestock raising activities.

Agricultural Support Facilities: Facilities, products or services including, but not limited, the following:

- a. Storage of agricultural products
- b. Meat cutting and packaging
- c. Tree sales
- d. Reserved (amended 10/8/2002 Ord. 2002-13)
- e. Fur Farms
- f. Boarding of Animals

There is no definition given for mining under the definitions section. Under these circumstances, the ordinance specifically states: "If there is occasion to need interpretation of any word or phrase not listed below (*referring to the list of definitions in Chapter 29*), the Board of Adjustment shall provide the interpretation." (Section 12.29.2, explanation added) The only place I could find reference to "mining" or something similar in the zoning ordinance was under the list of permitted use in the Sand and Gravel Zone (SG-1) (Chapter 12.6.11). The list has "mines, quarries, gravel pits, crushers, batching plants, and other uses intended for excavation purposes" as a permitted use. I believe the last phrase "other uses intended for excavation purposes" provides a

very clear indication of what the ordinance defines as "mining." And, I submit that "mining" under that interpretation is exactly what Bluffdale Mountain Homes is doing on the property.

Most of you are aware of the trucks but I would invite you to take a drive up there to see what is happening and the extent to which it has grown since last fall.

Please be prepared to make a decision on this issue and adopt some findings of fact as to your decision.

Chapter 12.29

Definitions

12.29.1 Purpose and Intent

12.29.2 Definitions

12.29.1 Purpose and Intent

The purpose for including certain definitions as part of this ordinance is to clarify meaning specific to this ordinance. Words and phrases used in the present tense include the future, singular words include the plural as well as the singular.

12.29.2 Definitions

The following definitions are specific to this ordinance. If there is occasion to need interpretation of any word or phrase not listed below, the Board of Adjustment shall provide the interpretation.

1. **Agriculture** - Agriculture shall mean the growing of soil crops in the customary manner in the open. It shall not include livestock raising activities.
2. **Apartment House** - See dwelling - multi-family.
3. **Agricultural Support Facilities** - Facilities, products or services including, but not limited to the following:
 - a. Storage of agricultural products
 - b. Meat cutting and packaging
 - c. Tree sales
 - d. Reserved (*amended 10/8/2002 Ord. 2002-13*)
 - e. Fur Farms
 - f. Boarding of Animals
4. **Backing Apartment** - A dwelling unit occupied by four (4) or more unrelated individuals.
5. **Boarding House** - A dwelling containing not more than one kitchen where, for compensation, meals are provided pursuant to previous arrangements on a daily, weekly, or monthly basis as distinguished from a hotel, cafe, or rooming house.
6. **Building** - Any structure built for the support, shelter, or enclosure of persons, animals, chattels, or property of any kind.
 - a. **Building, Accessory** - A subordinate building, the use of which is incidental to that of the main building.
 - b. **Building, Main** - One or more of the principal buildings upon a lot. Garages, carports, and other buildings which are attached to a dwelling or other main building or which are situated within 10 feet of a main building shall be considered as a part of the main building.
 - c. **Building, Public** - A building owned and operated or owned and intended to be operated by a public agency of the United States of America, of the State of Utah, or any of its subdivisions.
7. **Build-To Line** - The minimum distance a primary structure must be constructed from a property line measured to the foundation wall of the structure.
8. **Carport** - A structure not completely enclosed by walls for the shelter of automobiles.
9. **Common Area** - An area designated to serve two (2) or more dwelling units in separate ownership with convenient access to the area.
10. **General Plan (Master Plan)** - A coordinated plan which has been prepared and adopted for the purpose of guiding development, including but not limited to a plan or plans of land use, resources, circulation, housing, and public facilities and grounds.
11. **Conditional Uses** - A use which has been specifically permitted by the terms of this ordinance and which requires special consideration by the Board of Adjustment, Planning Commission, or City Council before a permit therefore may be issued.
12. **Condominium** - The ownership of a single unit in a multi-unit project together with an undivided interest in common in the common areas and facilities of the property.
13. **Condominium Project** - A plan or project whereby two or more units, together with an undivided interest in the common area or facility, are separately offered or proposed to be offered for sale. This definition shall apply to

12.6.11 SG-1 Sand and Gravel Zone

- 12.6.11.1 Purpose and Zone Characteristics
- 12.6.11.2 Permitted, Conditional and Accessory Uses
- 12.6.11.3 Lot Area
- 12.6.11.4 Lot Width
- 12.6.11.5 Lot Frontage
- 12.6.11.6 Setback Requirements
- 12.6.11.7 Projections into Setbacks
- 12.6.11.8 Building Height Requirements
- 12.6.11.9 Distance Between Buildings
- 12.6.11.10 Lot Coverage
- 12.6.11.11 Parking, Loading and Access
- 12.6.11.12 Reclamation
- 12.6.11.13 Project Plan Approval
- 12.6.11.14 Other Requirements

12.6.11.1 Purpose and Zone Characteristics

The SG-1 Sand and Gravel Zone is established to provide areas within the City for the extraction of sand, gravel, and other similar materials. The zone allows for limited commercial and service uses.

12.6.11.2 Permitted, Conditional and Accessory Uses

Permitted Uses

The following list of land use types are permitted uses in the SG-1 Zone. Unless specifically listed, any other use is not a permitted use in the zone. Uses listed as conditional or accessory uses are allowed in the zone only in accordance with the criteria established in this ordinance.

1. Agriculture
2. Public or private utilities and maintenance facilities

Conditional Uses

The following list of land use types are allowed as conditional uses in the SG-1 Zone. Unless specifically listed, any other use is not allowed as a conditional use in the zone. Each conditional use must be reviewed and approved in accordance with Section 12.13 of this ordinance.

1. Restaurants, food courts, and cafes (when planned as part of an research park to provide service to employees)
2. Attendant non-polluting light manufacturing, processing and testing facilities that are clearly accessory to a primary permitted use
3. Land preparation for extraction and land reclamation
4. Mines, quarries, gravel pits, crushers, batching plants, and other uses intended for excavation purposes
5. Plant nurseries
6. Public uses (*amended 10/8/2002 Ord. 2002-12 and 3/11/2003 Ord. 2003-05*)

Accessory Uses

The following list of land use types are allowed as accessory uses in the SG-1 Zone. Unless specifically listed, any other use is not allowed as an accessory use in the zone. Any accessory use must be clearly incidental to a permitted or conditional use of the property. Accessory uses are not allowed without the approval of a permitted or conditional use of the parcel unless otherwise noted in this Section.

1. Storage facilities for machinery and equipment as an accessory use to a permitted or conditional use.
2. Temporary job trailers and offices

AFFIDAVIT OF BLAINE GEHRING

Civil No. _____

Judge _____

STATE OF UTAH)
 : ss.
COUNTY OF SUMMIT)

I, Blaine Gehring, having been first duly sworn, hereby state as follows:

1. I am the city planner for the City of Bluffdale, am over the age of 21, have personal knowledge of the events described herein and am otherwise competent to testify in this matter.

2. On about July 26, 2004, I notified Bluffdale Mountain Homes, LC (an entity owned and/or controlled by Bob Jones) that it must immediately cease its mining/extraction operation from the foothills in Bluffdale on property located at approximately 3301 West 15651 South, parcel numbers 3317400004 and 3317400006 in the foothills south of the Jordan Valley Conservancy District plant. See Exhibit A.

3. The specific mining/extraction operation which prompted my letter involved the removal of large, landscape boulders from the area. Several tractors, backhoes, diggers, and/or trucks were being used to haul out the excavated rocks. The activities included picking up rocks, digging up rocks, moving rocks around, and stacking them into piles according to their size, etc.

4. The subject property is located within the A-5 agricultural zone, which does not allow for mining/extraction operations either as a permitted or conditional use. Additionally, the operation constitutes a business which is operating within Bluffdale city limits without a business license.

5. On or about August 25, 2004, attorney Bruce Baird, on behalf of Bluffdale Mountain Homes, sent a letter to the city indicating that he wanted to appeal the city planning officials decision to the Board of Adjustments. He stated that the removal of rocks and boulders was preparation for permissible agricultural activity on the property. See Exhibit B. The applicant for the appeal is Bluffdale Mountain Homes. However, through correspondence with

the applicant's counsel, it appears that there are additional parties who may have an interest in the appeal including Bob Jones, Front Gate and Bluffdale Sand and Gravel.

6. On or about September 13, 2004, I informed Mr. Baird that his client's appeal would be heard at a Board of Adjustments meeting scheduled for October 14, 2004 at 7:00 p.m.

7. On or about September 16, 2004, Mr. Baird requested that the October 14th meeting be rescheduled due to a conflict.

8. On or about October 8, 2004, I informed Mr. Baird that the Board of Adjustments meeting had been rescheduled for November 18, 2004.

9. On November 18, 2004, at approximately 7:00 p.m., the Bluffdale City Board of Adjustments met and considered the Appeal of the zoning decision by Bluffdale Mountain homes regarding the removal of rocks from their property at approximately 3300 West 15450 South. The applicant was not present.

10. After reviewing Utah Code Ann. §§ 10-9-703 & -704, the Board of Adjustments discussed the facts and circumstances surrounding the Appeal and adopted the following findings of facts:

a. The land in question is not currently being used for agricultural purposes as defined in Bluffdale's ordinance. Agriculture in Bluffdale's ordinance means the growing of soil crops in the customary manner in the open.

b. The property questioned, although there has been some allegations that may have a future use as agricultural, the applicant has not demonstrated that there is an immediate or compelling future use for agricultural.

c. The applicant, is in fact, mining on the property as mining is most closely defined by our ordinance. Staff's findings show that a substantial excavation is being done on the property and removing substantial quantities of large rocks from the subject property.

d. The applicant was given notice of these proceedings. The applicant requested an extension of time, and asked that the original hearing be moved to a different date. Notice of this proceeding was, in fact, given to them by mail and they, having failed to appear, have failed to sustain their burden of proof by establishing that the property is not being used in violation of the zoning.

11. The Motion to uphold the Staff's decision was passed on a 5 to 0 vote. On the second 5 to 0 vote, the Board of Adjustments moved that the city interpret that any large scale operation of moving rocks in the significant quantity for what appeared to be the purpose of removing the rocks themselves is not an agricultural use.

12. When Mr. Baird learned that the Board of Adjustments had met without him being present, he demanded that a new meeting be scheduled so that his client's side could be presented. Although it appeared to me that Mr. Baird was engaged in nothing more than a

calculated delay tactic, the city agreed to schedule another meeting where Mr. Baird could be present.

13. On or about December 8, 2004, I informed Mr. Baird that the Board of Adjustments would meet to rehear the Appeal on Thursday, December 16, 2004 at 7:00 p.m.

14. Later, Mr. Baird and his client, Bob Jones of Front Gate Homes, was informed in writing that the Board of Adjustments will rehear the Appeal on February 24, 2005 at 7:00 p.m.

15. The Utah Division of Oil and Gas ("DOGM") shut down the operation for some time, but has recently issued a new permit. When the new permit was issued, DOGM expected the applicant to comply with city ordinances and zoning.

16. On April 6, 2005, the DOGM, granted it's final acceptance of decorative landscaping's small mining Notice of Intention and the Reclamation Surety and gave its permission to commence mining operations.

17. On or about April 14, 2005, the DOGM notified Bob Jones of Bluffdale Sand and Gravel that it had received Mr. Jones' Notice of Intent and initial permit fee concerning his "small mine," located on the property. In the Notice, after noting that the Division does not "approve" small mine Notices, of the letter states as follows: "Approval from the DOGM does not constitute approval from other appropriate agencies, such as Bluffdale City and the Division of Air Quality. You should ensure that you are in compliance with any requirements that these other agencies may have regarding such items as dust control, zoning, and haulage weight

limits." See Exhibit A. The letter also states the DOGM's understanding that Mr. Jones has, "begun work on a large mine permit."

18. On April 25, 2005, the DOGM notified Craig Worthington of Worthington Landscape that it had received its small mine Notice of Intent and that work could not commence for mining operations prior to the receipt of a Reclamation Surety and Reclamation Contract.

19. In the M.V. Reclamation contract, which was prepared by Bob Jones and submitted to the DOGM, Mr. Jones indicated that, "the operator desires to conduct mining operations." A copy is attached hereto as Exhibit B.

20. On or about April 25, 2005, the DOGM notified Mark Miller from Expectations that it had received his small mine Notice of Intent and would issue final approval as soon as the problems outlined in the letter had been resolved.

21. On or about April 21, 2005, the City of Bluffdale, acting through its counsel, hand delivered and mailed a second "cease and desist order" on Front Gate Homes, and Mr. Bob Jones regarding the mining/excavation activities on the subject property.

22. On or about April 27, 2005, Mr. Bruce Baird, acting on behalf of Mr. Bob Jones of Front Gate Homes, responded to the letter of April 22, 2005. In the letter, Mr. Baird stated, "it is the position of my client that is not "mining" on the property but, instead, removing rocks to prepare the ground for permissible agricultural activities. While it is true that my client attained

a permit from DOGM for mining . . . that does not mean that the activities are "mining" in a land-use sense.

23. On May 12, 2005, the Board of Adjustments met again and Mr. Baird was present with his clients. At the hearing, the Board determined that Mr. Baird had failed to make a timely appeal of my decision and therefore refused to reverse it.

24. Despite my letter last year, a letter from the City's counsel in April, and despite the Board of Adjustment's decision on May 12, 2005, Defendants continue to engage in their unauthorized mining and extraction activities on the subject property.

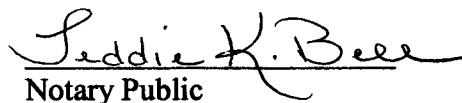

25. As a result, the city ordinances and zoning violations are continuing and on going, more and more rocks are extracted and removed, and trucks overloaded with heavy material are driving through the city on residential streets virtually on a daily basis.

DATED this 20th day of May, 2005.

Blaine Gehring

ACKNOWLEDGED, SUBSCRIBED AND SWORN before me on this 20 day of May, 2005.

Salt Lake City, UT 84121

Dear Property Owner,

It has come to the attention of Bluffdale City that an illegal mining/extraction operation which is removing large landscape boulders from the foothills in Bluffdale is being conducted on your property located at approximately 3301 West 15651 South. The specific parcels in question are identified on the Salt Lake County records as parcel numbers 3317400004 and 3317400006 in foothills south of the Jordan Valley Water Conservancy District plant. The subject properties are located within an A-5 (Agricultural) Zone which does not allow for this type of use either as a permitted or conditional use. In addition, the operation constitutes a business which is operating within Bluffdale City limits without a business license.

As the property owner, you are liable for any violations occurring on your property. You are hereby notified that this violation must cease immediately and that further steps must be taken to restore the property to its natural state.

If you have questions regarding this notice please contact me at 254-2200.

Board of Adjustment
City of Bluffdale
14175 S Redwood Rd
Bluffdale, Utah 84065

Re: Parcel numbers 3317400004 and 3317400006

To the Board of Adjustment:

This firm represents Bluffdale Mountain Homes, LC. On July 26, 2004, Mr. Gehring wrote to Bluffdale Mountain Homes, LC indicating that "an illegal mining/extraction operation which is removing large landscape boulders" was taking place on the above mentioned parcels. Mr. Gehring further indicated that the parcels were located in an Agricultural Zone and that is why the removal of boulders was not a permitted or conditional use.

Contrary to Mr. Gehring's assumption that my clients are mining, Bluffdale Mountain Homes, LC are actually preparing the property for agricultural activity. Bluffdale Mountain Homes, LC may be under contract to begin agricultural activity on the property and no agricultural activity can take place until the boulders are removed.

As you are well aware, all of the agricultural property in Bluffdale had to have preparation, such as removal of boulders, prior to agricultural activity taking place. Obviously in order to farm property large obstructions on the land, for instance rocks, must be removed prior to commencement of farming.

Therefore this office is requesting that the Board of Adjustment reverse the decision issued by the City on July 26, 2004, and allow the continued preparation of these parcels for the agricultural use they were zoned for. If you have any questions or concerns prior to when we will be heard by the Board, don't hesitate to contact me.

Sincerely,

Bruce R. Baird
